

certain provisions of the Federal railroad safety regulations contained at 49 CFR part 236. FRA assigned the petition Docket Number FRA–2020–0030.

Specifically, ASLRRRA seeks relief from 49 CFR 236.586, *Daily or after trip test*, and § 236.588, *Periodic test*. Section 236.586(a) provides that, except where tests prescribed by § 236.588 are performed at intervals of not more than two months, each locomotive equipped with an automatic cab signal or train stop or train control device operating in equipped territory shall be inspected for damage to the equipment and tested at least once each calendar day or within 24 hours before departure upon each trip. Section 236.588 requires that except as provided in § 236.586, periodic tests of the automatic train stop, train control, or cab signal apparatus be made at least once every 92 days, and on multiple-unit cars as specified by the carrier, subject to approval by FRA. ASLRRRA petitions to increase the time between inspections under § 236.588 to 184 days for a five-year waiver period, subject to conditions, during which time it aims to show that there would be no degradation in safety resulting from this change.

ASLRRRA states that like the locomotive controls covered under 49 CFR 229.23, today's automatic train stop, train control, and cab signal apparatus devices use microprocessor-based technology. This technology provides enhanced safety for the following reasons: (1) The microprocessor-based system has diagnostics that monitor the functioning of cab signal equipment and records faults, particularly with respect to features relevant to the periodic inspection; (2) major faults are instantly addressed; (3) minor faults are addressed through later data analysis; (4) in some cases, railroads have the capability of analyzing the data remotely, without the need for the locomotive to be shopped; and (5) if the system detects a failure, the system goes into fail-safe mode and triggers a penalty air brake application. ALSRRA contends performing signal inspections pursuant to § 236.588 in conjunction with and under the same schedule as the locomotive inspections under § 229.23(b) would increase efficiency without compromising safety.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the Department of Transportation's Docket Operations Facility, 1200 New Jersey Ave. SE, W12–140, Washington,

DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website:* <http://www.regulations.gov>. Follow the online instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Ave. SE, W12–140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Ave. SE, Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by May 29, 2020 will be considered by FRA before final action is taken. Comments received after that date will be considered if practicable.

Anyone can search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). Under 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy. See also <http://www.regulations.gov/#!privacyNotice> for the privacy notice of www.regulations.gov.

Issued in Washington, DC.

John Karl Alexy,

Associate Administrator for Safety, Chief Safety Officer.

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA–2019–0221 (Notice No. 2020–03)]

Hazardous Materials: Information Collection Activities

AGENCY: Pipeline and Hazardous Materials Safety Administration (PHMSA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces that the Information Collection Requests (ICRs) discussed below will be forwarded to the Office of Management and Budget (OMB) for renewal and extension. These ICRs describe the nature of the information collections and their expected burdens. A **Federal Register** notice with a 60-day comment period soliciting comments on these ICRs was published in the **Federal Register** on January 16, 2020 under Docket No. PHMSA–2019–0221 (Notice No. 2019–12).

DATES: Interested persons are invited to submit comments on, or before May 14, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

We invite comments on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the Department's estimate of the burden of the proposed information collection; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Docket: For access to the Dockets to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Steven Andrews or Shelby Geller, Standards and Rulemaking Division, (202) 366–8553, Pipeline and Hazardous Materials Safety Administration, U.S.

Department of Transportation, 1200 New Jersey Avenue SE, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: Section 1320.8 (d), title 5, Code of Federal Regulations (CFR) requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies information collection requests that PHMSA will be submitting to the Office of Management and Budget (OMB) for renewal and extension. These information collections are contained in 49 CFR 171.6 of the Hazardous Materials Regulations (HMR; 49 CFR parts 171-180). PHMSA has revised burden estimates, where appropriate, to reflect current reporting levels or adjustments based on changes in proposed or final rules published since the information

collections were last approved. The following information is provided for each information collection: (1) Title of the information collection, including former title if a change is being made; (2) OMB control number; (3) summary of the information collection activity; (4) description of affected public; (5) estimate of total annual reporting and recordkeeping burden; and (6) frequency of collection. PHMSA will request a 3-year term of approval for each information collection activity and will publish a notice in the **Federal Register** alerting the public upon OMB's approval.

PHMSA requests comments on the following information collections:

Title: Inspection and Testing of Portable Tanks and Intermediate Bulk Containers.

OMB Control Number: 2137-0018.

Summary: This information collection specifies provisions for documenting

qualifications, inspections, tests, and approvals pertaining to the manufacture and use of portable tanks and intermediate bulk containers (IBCs) under various provisions of the HMR. It is necessary to ascertain whether portable tanks and IBCs have been qualified, inspected, and retested in accordance with the HMR. The information is used to verify that certain portable tanks and IBCs meet required performance standards prior to their being authorized for use. Additionally, it is used to document periodic requalification and testing to ensure the packagings have not deteriorated due to age or physical abuse to a degree that would render them unsafe for the transportation of hazardous materials. The following information collections and their burdens are associated with this OMB Control Number:

Information collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Design Qualification Testing for IBCs—Applications for the Certification Mark	13	494	3	1,482
Periodic Design Requalification Testing of IBCs—Submission of Changes to Test Frequency to the Associate Administrator	13	494	3	1,482
Applications for Approval of Equivalent Packaging—IBCs	5	5	3	15
Reporting Requirements for Retest and Inspection of IBCs	1,000	100,000	0.25	25,000
Recordkeeping for IBC Testing	150	150	0.25	38
Manufacturers Data Report (ASME) for Portable Tanks	50	50,000	0.25	12,500
Approval Applications for Specification UN Portable Tank Design	13	494	3	1,482
Applications for Modifications to Portable Tank Designs	13	494	3	1,482
Portable Tanks—Approval Agency Retention of Documents	13	494	0.25	124
Portable Tanks—Manufacturers Retention of Documents	50	50,000	0.25	12,500
Recordkeeping for the Testing of Portable Tanks	150	150	0.25	38

Affected Public: Manufacturers and owners of portable tanks and intermediate bulk containers.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 1,470.

Total Annual Responses: 202,775.

Total Annual Burden Hours: 56,143.

Frequency of Collection: On occasion.

Title: Hazardous Materials Incident

Reports.

OMB Control Number: 2137-0039.

Summary: This collection is applicable upon occurrence of an

incident as prescribed in 49 CFR 171.15 and 171.16. A Hazardous Materials Incident Report, DOT Form F 5800.1, must be completed by a person in physical possession of a hazardous material at the time a hazardous material incident occurs in transportation, such as a release of materials, serious accident, evacuation, or closure of a main artery. Incidents meeting criteria specified in 49 CFR 171.15 also require a telephonic report. This information collection enhances

the Agency's ability to evaluate the effectiveness of its regulatory program, determine the need for regulatory changes, and address emerging hazardous materials transportation safety issues. The requirements apply to all interstate and intrastate carriers engaged in the transportation of hazardous materials by rail, air, water, and highway. The following information collections and their burdens are associated with this OMB Control Number:

Information collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Telephone Notifications	733	733	0.08	58
Incident Reports Paper—Written	803	3,420	1.6	5,472
Incident Reports—Electronic	803	16,737	0.8	13,390

Affected Public: Shippers and carriers of hazardous materials.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 2,339.

Total Annual Responses: 20,890.

Total Annual Burden Hours: 18,920.

Frequency of Collection: On occasion.

Title: Cargo Tank Motor Vehicles in Liquefied Compressed Gas Service.

OMB Control Number: 2137-0595.

Summary: These information collection and recordkeeping requirements pertain to the manufacture, certification, inspection,

repair, maintenance, and operation of certain DOT specification and non-specification cargo tank motor vehicles used to transport liquefied compressed gases. These requirements are intended to ensure cargo tank motor vehicles used to transport liquefied compressed gases are operated safely, and to minimize the potential for catastrophic releases during unloading and loading operations. They include: (1)

Requirements for operators of cargo tank motor vehicles in liquefied compressed gas service to develop operating procedures applicable to unloading operations and carry the operating procedures on each vehicle; (2) inspection, maintenance, marking, and testing requirements for the cargo tank discharge system, including delivery hose assemblies; and (3) requirements for emergency discharge control

equipment on certain cargo tank motor vehicles transporting liquefied compressed gases that must be installed and certified by a Registered Inspector. Please note that respondents identified in this information collection may be responsible for multiple information collection activities indicated below.

The following information collections and their burdens are associated with this OMB Control Number:

Information Collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Marking New/Repaired Hoses with Unique Identifier	6,800	12,172	0.083	1,010
Monthly Hose Inspections Record	6,800	439,960	0.1	43,996
Record of Monthly Piping Tests Record	6,800	400,112	0.2	80,022
Hose Pressure Test Marking Record	6,800	12,172	0.083	1,010
Annual Hose Test Record	6,800	36,652	0.42	15,393
Cargo Tanks in Other Than Metered Delivery Service—Design Certification for Automatic Shutoff	150	900	8	7,200
Cargo Tanks in Other Than Metered Delivery Service—Instillation of Shutoff System by a Registered Inspector	150	900	8	7,200
Cargo Tank Motor Vehicles in Metered Delivery Service—Certification of Remote Control Equipment by a Registered Inspector	150	3,300	8	26,400

Affected Public: Carriers in liquefied compressed gas service, manufacturers and repairers.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 6,950.

Total Annual Responses: 906,168.

Total Annual Burden Hours: 182,231.

Frequency of Collection: On occasion.

Title: Inspection and Testing of Meter Provers.

OMB Control Number: 2137-0620.

Summary: This information collection and recordkeeping burden results from the requirements pertaining to the use, inspection, and maintenance of mechanical displacement meter provers (meter provers) used to check the accurate flow of liquid hazardous materials into bulk packagings, such as portable tanks and cargo tank motor vehicles, under the HMR. These meter provers are used to ensure that the proper amount of liquid hazardous

materials is being loaded and unloaded. These meter provers consist of a gauge and several pipes that always contain small amounts of the liquid hazardous material in the pipes as residual material and, therefore, must be inspected and maintained in accordance with the HMR to ensure they are in proper calibration and working order. These meter provers are not subject to the specification testing and inspection requirements in 49 CFR part 178. However, they must be visually inspected annually and hydrostatic pressure tested every 5 years to ensure they are properly working as specified in 49 CFR 173.5a of the HMR. Therefore, this information collection requires that:

- (1) Each meter prover must undergo and pass an external visual inspection annually to ensure that the meter provers used in the flow of liquid hazardous materials into bulk

packagings are accurate and in conformance with the performance standards in the HMR.

(2) Each meter prover must undergo and pass a hydrostatic pressure test at least every 5 years to ensure that the meter provers used in the flow of liquid hazardous materials into bulk packagings are accurate and in conformance with the performance standards in the HMR.

(3) Each meter prover must successfully complete the test and inspection and must be marked in accordance with 49 CFR 180.415(b) and 173.5a.

(4) Each owner must retain a record of the most recent visual inspection and pressure test until the meter prover is requalified.

The following information collections and their burdens are associated with this OMB Control Number:

Information Collection	Respondents	Total annual responses	Hours per response	Total annual burden hours
Annual Visual Inspection	250	250	0.5	125
Hydrostatic Pressure Test (Every 5 Years)	250	250	0.2	50

Affected Public: Owners of meter provers used to measure liquid hazardous materials flow into bulk packagings such as cargo tanks and portable tanks.

Annual Reporting and Recordkeeping Burden:

Number of Respondents: 250.

Total Annual Responses: 500.

Total Annual Burden Hours: 175.

Frequency of Collection: On occasion.

Issued in Washington, DC, on April 9, 2020.

William S. Schoonover,

Associate Administrator of Hazardous Materials Safety, Pipeline and Hazardous Materials Safety Administration.

BILLING CODE 4910-60-P

DEPARTMENT OF THE TREASURY

Internal Revenue Service

Proposed Extension of Information Collection Request Submitted for Public Comment; Comment Request Relating to the Employee Plans Determination Letter Program

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice and request for comments.

SUMMARY: The Internal Revenue Service, as part of its continuing effort to reduce paperwork and respondent burden, invites the public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. Currently, the IRS is soliciting comments concerning the application form for a determination letter for Employee Benefit Plans.

DATES: Written comments should be received on or before June 15, 2020 to be assured of consideration.

ADDRESSES: Direct all written comments to Kinna Brewington, Internal Revenue Service, Room 6529, 1111 Constitution Avenue NW, Washington, DC 20224. Requests for additional information or copies of the regulations should be directed to R. Joseph Durbala, at Internal Revenue Service, Room 6129, 1111 Constitution Avenue NW, Washington, DC 20224, or through the internet, at RJoseph.Durbala@irs.gov.

SUPPLEMENTARY INFORMATION:

Title: Employee Plans Determination Letter Program.

OMB Number: 1545-0197.

Form Number: 5300.

Abstract: Internal Revenue Code sections 401(a) and 501(a) set out

requirements for qualification of employee benefit trusts and the tax-exempt status of these trusts. Form 5300 is used to request a determination letter from the IRS for the qualification of a defined benefit or a defined contribution plan and the exempt status of any related trust.

Current Actions: There is no change to the burden previously approved by OMB. This request is being submitted for renewal purposes only.

Type of Review: Extension of a currently approved collection.

Affected Public: Business or other for-profit organizations and individuals.

Estimated Number of Respondents: 85,000.

Estimated Time per Respondent: 84 hours, 43 min.

Estimated Total Annual Burden Hours: 7,201,200.

The following paragraph applies to all the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number.

Books or records relating to a collection of information must be retained if their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.

Desired Focus of Comments: The Internal Revenue Service (IRS) is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., by permitting electronic submissions of responses.

Comments submitted in response to this notice will be summarized and/or included in the ICR for OMB approval of the extension of the information

collection; they will also become a matter of public record.

Approved: April 8, 2020.

R. Joseph Durbala,
IRS Tax Analyst.

[FR Doc. 2020-07825 Filed 4-13-20; 8:45 am]

BILLING CODE 4830-01-P

DEPARTMENT OF THE TREASURY

Debt Management Advisory Committee Meeting

Notice is hereby given, pursuant to 5 U.S.C. App. 2, 10(a)(2), that a meeting will take place via conference call on May 5, 2020 at 9:00 a.m. of the following debt management advisory committee:

Treasury Borrowing Advisory Committee of The Securities Industry and Financial Markets Association.

At this meeting, the Committee will consider the effects of the COVID-19 outbreak and associated policy response on Treasury borrowing. Following the working session, the Committee will present a written report of its recommendations. The meeting will be closed to the public, pursuant to 5 U.S.C. App. 2, 10(d) and Public Law 103-202, § 202(c)(1)(B)(31 U.S.C. 3121 note).

This notice shall constitute my determination, pursuant to the authority placed in heads of agencies by 5 U.S.C. App. 2, 10(d) and vested in me by Treasury Department Order No. 101-05, that the meeting will consist of discussions and debates of the issues presented to the Committee by the Secretary of the Treasury and the making of recommendations of the Committee to the Secretary, pursuant to Public Law 103-202, § 202(c)(1)(B).

Thus, this information is exempt from disclosure under that provision and 5 U.S.C. 552b(c)(3)(B). In addition, the meeting is concerned with information that is exempt from disclosure under 5 U.S.C. 552b(c)(9)(A). The public interest requires that such meetings be closed to the public because the Treasury Department requires frank and full advice from representatives of the financial community prior to making its final decisions on major financing operations. Historically, this advice has been offered by debt management advisory committees established by the several major segments of the financial community. When so utilized, such a committee is recognized to be an advisory committee under 5 U.S.C. App. 2, 3.

Although the Treasury's final announcement of financing plans may
